It's the iconic Log Cabin design, reimagined by today's top designers! This beloved celebration of home and hearth is always in style. Scrappy, traditional, or modern--you'll find a Log Cabin quilt with timeless appeal to suit every taste. Featuring versatile and eye-catching Log Cabin designs, in sizes ranging from lap size to bed size. Stock up on fat quarters and precut strips, or raid your stash--these designs are tailor-made for showcasing solids, brights, florals, reproduction prints, and more. Put your own spin on tradition with fresh color schemes and bold geometric themes, created by your favorite designers.

The Log Cabin block has been a firm favourite for many years. 16 versatile and eye catching designs range from lap to bed size quilts and can be constructed from fat quarters, jelly roll strips and the ever reliable stash. The first project is a traditional design based on light and dark fabrics, followed by "Court House Steps", "Four Patch" and "Framed". More exciting designs follow, "Twilight", a mixture of subtle greys, a very clever "Seeing Stars" and an unusual contemporary "Rockin' the Rainbow". A very informative, colourful book with clear instructions, diagrams and templates. You might just be inspired to design your very own unique Log Cabin block. -- Fabrications Quilting for You Magazine, Sept/Oct 2016

About the Author: Martingale acquisitions editor Karen M. Burns started with the company as an office-tour guide (getting paid in quilt books), and then quickly worked her way into the heart of the company. After also being an account manager and a communications coordinator, she now spends her time inviting a variety of popular designers to create and contribute to Martingale books. Karen has compiled many Martingale books and contributed to several more as a machine quilter, including A Baker's Dozen, Jelly Babies, and Quilting with Fat Quarters. With a stack of more than 30 of her own quilts at home ready to be quilted, Karen compares herself to the cobbler whose children have no shoes--she's the quilter with no finished quilts.
