Mary Forsell : Book of Flower Arranging: For Fresh Dried and Artificial Flowers before purchasing it in order to gage whether or not it would be worth my time, and all praised Book of Flower Arranging: For Fresh Dried and Artificial Flowers:

0 of 0 people found the following review helpful. Wonderful book full of ideasBy Avid ReaderIf you are looking for an overall general book on flower arranging, this is the book for you. Wonderful pictures, ideas, and instructions. Love the entire book.0 of 0 people found the following review helpful. Finally, what I was looking for!By ThistleFinally, after purchasing 12 or so books on flower arranging, I found what I was looking for. This book has pages of principles of flower arranging not just a couple. Most books have mostly just examples of arrangements and how to make their arrangements, they don't teach you about flower arranging. I highly recommend this book if you are trying to teach yourself or you are learning the principles of flower arranging. It is an older book but it still is a great resource.

More than 75 varieties of flowers are used in captivating combinations that will enhance any area of your home.
