Five Stars By Alicia Sun I love this books. Its amazing its easy to follow...thanks 1 of 1 people found the following review helpful. Mosaics By Kathy Creamer I didn't particularly like the projects the author chose, however the description of the basics of the craft are good.

Brilliant Stained Glass Mosaics combines two popular crafts into one exciting new art form. While most traditional opaque mosaics can be attractive and fun, they lack the creativity and excitement provided by the addition of stained

glass. Glass-on-glass mosaic projects come to life because they can be illuminated by candle, incandescent or natural light. This book illustrated simple mosaic techniques that can be used to create stunning, sophisticated designs for both home and garden decor. The projects include windows, vases, candle holders, picture frames, light fixtures, and more!

About the Author Danielle Fernandez is the owner of Mainly Mosaics, a mosaic gallery and interior/exterior design center in Richmond, Virginia. The gallery holds specially made glass and tile mosaic pieces for private clients and markets through interior designers, distributors and architects. She also teaches mosaic classes at her gallery to hundreds of beginner crafters.
