We used it extensively years ago to price them at our yard sale.0 of 0 people found the following review helpful. I had a lot of Avon bottles.By DougMy Mother collected Avon Bottles for many years. She gave all of them to me and I needed a reference guide for all of these bottles.21 of 21 people found the following review helpful. Okay, but . . .By A CustomerI have collected Avon for over 25 years. Until this summer, I have relied on a 1985 collector guide from another publisher, who no longer publishes them. Since "Bud's" was the most recommended, I gave it a try. Call me spoiled by my old all-color price guide, but the black and white photos

make searching time-consuming. The items are grouped with no rhyme and reason--wouldn't you put the bride decanter on the same page as the groom? Typos and misspellings can be found on almost every page. The page numbers in the index are off. This book seems to be just one big ad for Bud's dirty joke book,(order form in the back).

Bud Hastin's new completely revised 15th edition guide features over 200 categories of Avon collectibles. Informative text tells what's hot and what's not in Avon collecting and where to buy and sell these popular items.
