Ink bleeds on this paperBy joeI tried this with a Pilot Parallel Pen which although has a somewhat more watery ink, I can't imagine anything else faring much better. When I touch the nib to the surface, the ink bleeds HORRIBLY, even soaking through to the next page. I can't overemphasize how terrible this is at what it claims it is for.0 of 0 people found the following review helpful. great practice pad for granddaughter who is learning calligraphyBy wyogaJust as described, great practice pad for granddaughter who is learning calligraphy!0 of 0 people found the following review helpful.
