If you can afford one book on calligraphy, this is it. It was recommended to me by a Master Penman. I bought it used for about \$2 + shipping. The best investment in my life!!1 of 1 people found the following review helpful. Great "reminder" to keep on hand...By Cynthia BrighamNecessary to go "back to basics" sometimes because we forget or get sloppy with our lettering habits from time to time. This is a wonderful little book as it covers all the bases... gently. Buy a few, give them for presents to the kids who have not been given the gift of learning to write by hand even not so beautifully.1 of 1 people found the following review helpful.
