**Mariam Tobishi : Candle Making: How to Make Candles at Home from Scratch: (Candles - Candle Making - Candle Making Business)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Candle Making: How to Make Candles at Home from Scratch: (Candles - Candle Making - Candle Making Business):

1 of 1 people found the following review helpful. Simple process to follow!By Marie VWhen I was young, I used to have a neighbor who was into the Candle Making business. I never had the chance to ask her in detail how its done, but she informed me that it was just easy. Then, I found this book which caught up my attention! This is a great guide for people who wants to make their own candles from home. The information provided by the author is very simple and useful. You would also learn the different processes and techniques on how to make different types of candles, depending on your personality.0 of 0 people found the following review helpful. Worth readingBy eddy0313This book outlines the way to DIY beautiful candles out of dull and boring wax, I will try to follow the instruction to make a special container candles on my son's birthday...0 of 0 people found the following review helpful. nice bookBy Nidhi JainNice book. Got quite new ideas about candle which we can make at home using scratch. I will recommend this book to all.

Discover how to make quite simply the most wonderful looking candles. Inside this book you'll discover my step by step formula to producing beautiful candles - candles that look like they were made by crafts people after years of training. You will amaze your family and friends with professional looking candles - using the secrets, techniques and tips that I share with you. You'll be able to make almost any type of candle you can imagine. Included in this book are details on making everything from beautiful rolled wax candles, floating candles and even the really popular container candles.
