VERY USEFULL SIMPLE BOOK By Monalisa What I really liked in this book is the beginning, she talks with details the general equipment and supplies, she presented each one with pictures, very nice. The projects are simple but very detailed with pictures step by step, there are nice ideas of different candles, the project Marble Slab is wonderful, the candles look like marble, it is amazing the effect she created. In general the book is simple and useful and perfect to add in your library for more ideas of how making candles. thanks Cheryl, good job. 0 of 0 people found the following review helpful.
