Michelle Espino : Candlemaking for Fun Profit before purchasing it in order to gauge whether or not it would be worth my time, and all praised Candlemaking for Fun Profit:

0 of 0 people found the following review helpful. Great choice for learning the craft By Bear in the Woods Crafts Woodworking LLC This has been very informative. I like picking up different books on different things or hobbies I do, and this was well laid out and had very succinct, easy instructions to follow. I was nodding along with the authors comments. I researched several books before settling on this, and was not disappointed. I still continue to pick up candle books anytime I see them, and this still remains one of my top choices. 5 of 5 people found the following review helpful. FOR SMALL BUSINESS REFERENCE By Monalisa This book is very complete if you plan to have your own business. I started a micro business and this book offers a lot of informations, how to create your own projects, how to sell, ideas like how can you prepare your workshop. She present histories of sucess entrepreneurs, how to control prices, how to creat a market to sell your candles. Also table measurements, charts, how to test your recipes, etc. So the books is divided in two parts, the first one is "for fun", she teaches you how diversify your product with

hundreds of information. The second part is "for profit" how to create projects for profit. The book shows some couple pictures but one of them drop my mouth. It is colored picture showing a candle of a Moai, the stone of Easter Island, it is fantastic work. This book is a very usefull for my business and for this reason I gave him a 5 stars because I consider as investment for my business. Thanks Michelle. 1 of 1 people found the following review helpful. but the book is full of great information for the beginning candle maker By Wendy Lou The book was all it said it was. So far I have not made any candles, but the book is full of great information for the beginning candle maker. I also has great information on starting your own business. A very good book to purchase. I bought a used book and in was in very good condition when it arrived, I am very pleased with my order and will order again from .
