I was surprised at no mention of using crayons for coloring as they work amazingly well and cost so little. It is a basic guide, however it might benefit from a few small informational and visual additions.0 of 0 people found the following review helpful. Creative Candle MakingBy Shey RedThis is perfect for mothers like me whos into crafts and have interest on creating candles on their own. I am always astounded whenever I see colorful candles with different designs at mall. Im wondering how they were able to create such beautiful candles. In addition, candles have been incorporated nowadays as accessories in designing your home. Some are used as center pieces and some are used for fragrance. The book has five chapters that include step-by-step procedures on making do-it-yourself candles. This is perfect since Christmas is getting near. You can use them as gifts or you may sell them if you want to earn extra cash. Check on the creative designs in the book. This is very useful to me. I will make sure I will follow the procedure so I can create beautiful candles. I am so excited to start doing my own candles.0 of 0 people found the following review helpful. Good guide to basically make candles.By LPLI give this book three stars because it doesn't have colour photos to see what the waxes look like and the details of them. But it does explain how it's done so I can understand what to do.
