**Gooseberry Patch : Celebrate the Seasons (Gooseberry Patch)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Celebrate the Seasons (Gooseberry Patch):

Not as creative as the Christmas series By Elizebeth Neumann I was very excited about this book when I first heard about it. I love the Christmas series and have several other cookbooks from them and love them dearly! This book just didnt live up to the other books I have though. Most of the recipes in this book seem to be repetitions of recipes from their other books. There are a few things that are different and new but if you have any of their other books you probably have a recipe for 90% of the items offered. Also the crafting ideas just arent as inspiring as their Christmas crafts. I have enjoyed decorating my home for the holidays with the help of Gooseberry but this just didnt have the same originality as the other books. Maybe they just spread themselves too thin trying to cover one

whole year in one book. But I think if you have any of their other books than you can pass on this one. 4 of 5 people found the following review helpful. GOOSEBERRY PATCH CELEBRATE THE SEASONS By S. HAMBLIN I LOVED THIS BOOK. ESPECIALLY THE CRAFTS. I MADE THE "GIVE THANKS" SAMPLER AND IT WAS EASY AND EVERYONE LOVES IT. THIS IS MY SECOND GOOSEBERRY PATCH BOOK, AND I WILL BE BUYING MORE.

Four seasons of over 200 creative recipes, ideas and clever gifts to give! Combining the best from Gooseberry Patch and Leisure Arts, Celebrate the Seasons is filled with Country Friends illustrations too. Make your own heartfelt valentines with ribbons and tags, serve a summery favorite like my-oh-my peach pie, create jolly Jack-'O-Lanterns and bake candy cane cookies. There's something here for every season! Hardcover, 160 pages. (11-1/8" x 8-3/4")
