From Memory Makers Books : Celebrating Holidays Scrapbook-Style: 250 Sensational Page Ideas You Can Create (Memory Makers) before purchasing it in order to gage whether or not it would be worth my time, and all praised Celebrating Holidays Scrapbook-Style: 250 Sensational Page Ideas You Can Create (Memory Makers):

1 of 1 people found the following review helpful. Get Inspired for ScrapbookingBy Virginia AllainThis book's focus is holiday themed pages and there's a wealth of sample pages to spark your creativity (250 to be exact). It provided inspiration as I worked on a gift scrapbook for my sister.Each page shows several scrapbook pages with a holiday theme (Christmas, Easter, etc.) and tells how the effects were achieved. I didn't copy any, though you could, but just soaked up ideas on layout, colors, lettering, journaling, etc.When I laid out my Thanksgiving and Christmas pages, they were some of the best I assembled.Besides the obvious holidays, the book includes others such as Canada Day, Yom Kippur, Father's Day, and others.1 of 1 people found the following review helpful. Great addition to your rcraft eference LibraryBy Edith L. BanningI believe this to be well worth the money. Contains great ideas that help you learn and give you new ideas to use on your own. Great photos, and well done all around. If you are trying to develop a well rounded libaray of refference books and want one of holiday ideas for scrapbooking that can also be used for decorative projects in the home or as gifts and even used in card making, then get this book as your Holiday reference

book. I don't think you will be sorry.

Holidays are an evergreen topic for scrapbookers, as their families gather together to create lasting memories. This book provides them with fresh ideas for remembering the special days. Readers will find: - Hundreds of ideas for commemorating holidays, from Christmas, Hanukkah, and Kwanzaa, to Easter, Thanksgiving, and the Fourth of July- Innovative tips and inspirational ideas throughout- Facts and legends about holiday origins to help bring even more meaning to holiday celebrations and traditions- Design principles to give scrapbookers the basics for making holiday layouts complete

From BooklistA hobby that's fast turned into an obsession imitates some of the best features of graphic design. Today, scrapbooking stores crop up quickly in metropolitan neighborhoods, catering to the need to chronicle, remember, and savor make-them-tangible events. Here, one entry in a series from Memory Makers zeroes in on holidays, mainly those celebrated in the U.S and on religious occasions, but also Canada Day and a few recent additions, such as Grandparent's Day. The showcased pages are very personal, with crafters sharing both the inspiration and the moment, along with a list of materials and quick how-tos. Within every one of the 21 holidays is a design tip or two (for instance, incorporate oval shapes in the pages that represent Easter) as well as facts and legends, whether it's a twentieth-century piece of data (President Jimmy Carter declared Grandparent's Day a national holiday in 1978) or a wonderful historical story, such as the naming of Valentine's Day.
