I hook with yarn, and so far I haven't found a design that doesn't work as well in yarn as in wool strips (I do wish there were more books on hooking with yarn, though). This is a really nice collection and has something for everyone. Though there are no patterns per se, there are many good tips throughout. 2 of 2 people found the following review helpful. hand hooked rugs XX! By fairydust I really enjoyed looking through and having this book in my library. The examples are inspiring, beautifully colored and each different. I highly recommend it and the others in the series to anyone who is thinking about making a rug. 0 of 0 people found the following review helpful.
