Susan J. Stegenga : Christian Crafts - Paper Bag Puppets before purchasing it in order to gage whether or not it would be worth my time, and all praised Christian Crafts - Paper Bag Puppets:

With the exception of four or five puppets of generic Bible times people, the puppets are all animal puppets. Therefore, this book can be used by anybody, not just people doing Christian crafts. There are patterns for the animal's heads, which you can either cut out and color, or you can photocopy them to keep your book intact. There are suggestions for additional ways to personalize your puppets--adding tails, bodies, cotton balls, glitter, etc. I use my copy to do crafts with children at the library. Their favorite puppets include the zebra, sheep, donkey, cat, monkey, cow, and bear. The puppets are cartoon style, without being too cutesy. This is my go-to quick craft source when the library kiddies are bored. Highly recommend!1 of 1 people found the following review helpful. Help for the benighted Sunday School teacherBy Janet NailI teach Sunday School. I am not a deft hand at making manipulative material. But this book of paper bag puppets is perfect for such as I. I can put together a series of puppets to tell a story; I can encourage the children to participate by making their own puppets. And these patterns have the advantage of being generic enough to be used in many stories. A perfect tool!
