10 of 14 people found the following review helpful. worst experience on By Associates AccountThis product was so badly advertised that it completely failed to fit what I was looking for. The picture looks like a set of stoles. Unless you scroll down screen for about a mile, you fail to find that the item is actually a book. Even though I cancelled the item within minutes of realizing the mistake, due to bad advertizing, the vendor insisted that the item had already shipped.

Includes charts of elements, instructions, color suggestions, symbolism, stitch diagrams along with cutting and finishing instructions.
