Susan Teegarden Dissmore : Clever Quilts: Making the Most of Panels, Borders, and Theme Prints before purchasing it in order to gage whether or not it would be worth my time, and all praised Clever Quilts: Making the Most of Panels, Borders, and Theme Prints:

0 of 0 people found the following review helpful. Five StarsBy shay bensongreat0 of 0 people found the following review helpful. Patterns look datedBy CustomerMeh. Limited options. There's maybe one I would use. Lots of filler on how to quilt.2 of 2 people found the following review helpful. Not badBy Barbara E. BehmGuess I was hoping for more ideas in using theme prints, It does give you some concrete guidance as to cutting sizes and companion blocks to use. I can see where I will use that information down the road.

Panels, borders, and theme fabrics showcase everything from intricate artwork to whimsical novelty motifs. Now quilters can do even more with these fabrics than they are "preprinted" to do! This book is filled with smart ideas for setting images into quilts that pop. Ten projects show how to build quilts around both large and small fabric images. Includes wall quilts, lap quilts, and a table runner, plus projects that use seasonal prints. Learn how to selectively cut, frame, and finish fabric motifs.

About the Author Designer Susan Teegarden Dissmore has owned and operated her own quilt shop since 1994. This is her third That Patchwork Place(R) book.
