Neil Gaiman : Collected Sandman Covers, 1989-1997 before purchasing it in order to gage whether or not it would be worth my time, and all praised Collected Sandman Covers, 1989-1997:

9 of 11 people found the following review helpful. "...a dazzling collection of dark, creative surreal art."By A CustomerDave McKean's artwork is simply brilliant in this amazing and complete anthology of all his Sandman covers. Dave uses a variety of media, including photography, pen pencil, and computer graphics. He uses strange, unconventional color schemes and interesting juxtaposition to weave complicated collages and tapestries of some of the best contemporary gothic imagery I have ever laid eyes on...a dazzling collection of dark, creative surreal art.Sandman is one of the most unique and original comic series in history, and it has covers to match. Most other comic covers are nice, detailed and stylistic, but often plain, uninspired and all-together too similar. The Sandman

covers are twisted, gritty and often haunting works which evoke intense feelings in the viewer's mind. Some make you want to look away, others draw you in. Regardless, all the artwork here will leave you eager to explore its nuances and most exquisite facets. In addition to the astounding artwork, a few extra bits and pieces were included to make this more of a complementary package. A short, previously unreleased Sandman story, insightful commentary for every cover, plus some interesting anecdotes and quotes make this a true collector's item. All of the covers are in their original form, free of logos, titles, code-numbers or any other markings which might obscure the aesthetic wonder of these ingenious creations. You're paying ... for 208 pages of extraordinary artwork, writing and design by Dave McKean and Neil Gaiman. This comes down to 8.3 cents a page--a true bargain. If you're not willing to pay 8.3 cents for a wonderful work of art, then you may want to re-evaluate your definition of thriftiness. 11 of 11 people found the following review helpful. Creepy, amazing, and with a behind the scenes peak. By A. Langton When I had collected the original Sandman issues, I was always intrigued by the cover art as well as the story and illustrations inside. Sometimes, I would find myself staring at the covers for minutes before reading the actual story. This was the only time I had ever really done that. And now you can own this book full of those intricate, detailed, and amazing art pieces, along with commentary by McKean and Gaiman. And there's a Sandman story that I have never read before! If you're a Sandman fan, buy this book. 0 of 0 people found the following review helpful. Excellent book. By Alfredo Ruiz Barroso One of the best things I have found of the work of those two artists. Im extremely happy to have this book.

An amazing collection of dark and arresting imagery, **THE SANDMAN DUST COVERS: THE COLLECTED SANDMAN COVERS** presents the haunting artwork of this critically acclaimed and award-winning epic. Through these dynamic pieces, Dave McKean reflected the mesmerizing mythology, adult nature, and imaginative storytelling that made the story of Morpheus, the King of Dreams, such a groundbreaking series. Featuring an exclusive **THE SANDMAN** tale, this collection also includes insightful and revealing cover commentaries by author Neil Gaiman.
