Suzanne McNeill : Lanyards A-Z: Fun Projects with Plastic Lace, Gimp or Scoubidou before purchasing it in order to gage whether or not it would be worth my time, and all praised Lanyards A-Z: Fun Projects with Plastic Lace, Gimp or Scoubidou:

3 of 3 people found the following review helpful. Decent BookBy Kate S.I bought my niece some plastic gimp string for Christmas because she loves to make bracelets and stuff like that and I figured she would need some sort of instruction book to learn how to make stuff. It has step by step instructions on how to make quite a few different things but it's a pretty thin book and that is the biggest reason I only gave it 3 stars. Overall, a pretty good product though.1 of 1 people found the following review helpful. limitedBy S. U. CohenI thought I ordered a book; I got a pamphlet 20 pages or less. Very limited number of braids and plats. Limited illustrations that were had to follow. I made lanyards long ago at summer camp so with a lot of fumbling I was able to use some of the braids. I would not recommend this for a total beginner.0 of 0 people found the following review helpful. Just ok. . very slow!By K. RossItem was as

described, it just took a VERY long time to receive to get the item! I received two other orders, ordered after this one, before receiving this order. .B+

Easy-to-follow instructions for knotted bracelets with embroidery floss. Colorful bracelets are fun for kids and teens.

About the AuthorSuzanne McNeill is often known as a Trendsetter for arts and crafts. Dedicated to hands-on creativity, she constantly tests, experiments and invents something new and exciting. Suzanne is the woman behind Design Originals, a publishing company dedicated to all things fun and creative. She is a designer, artist, columnist, TV personality, publisher, art instructor, author and lover of everything hands-on. She was the 2011 winner of the Craft and Hobby Association's Industry Achievement Award.
