Her book is beautiful to say the least. She covers everything from the history and folklore of lavender, to cooking with lavender, growing and using this fragrant herb, to making crafts for beauty and decoration in the home. The photography is beautiful and everything is easy to read. Highly recommended! 0 of 0 people found the following review helpful. Good info By T T. Good info, but not exactly what I was looking for 0 of 0 people found the following review helpful. Five Stars By Barb Tompkins Item as described, Thanks!

Lavender is popular for its striking appearance and evocative scent -- learn to enjoy both with this book.
