Georganne Brennan : Les Immortelles: Everlasting Blooms - The Beauty of Dried Flowers before purchasing it in order to gage whether or not it would be worth my time, and all praised Les Immortelles: Everlasting Blooms - The Beauty of Dried Flowers:

Called les immortelles by the French, dried flowers have been praised over the centuries. Retaining the essence of fresh blooms, they have an elegance all their own. Here is a charming resource for growing and gathering many kinds of flowers and for preserving their beauty indefinitely.

About the AuthorGeorganne Brennan grew up in Southern California and attended the San Diego State University, the University of Aix-Marseille in Provence, and the University of California at San Diego. After returning to California to start a teaching position, Brennan and a friend started a vegetable seed company that they promoted with a recipe-filled catalog. The pair struck success and began writing weekly columns for the San Jose Mercury News and the San Francisco Chronicle. Brennan published *Apertif: Recipes for Simple Pleasure in the French Style*, which won the Julia Child Cookbook Award in the Food Spirits Category and *The Food and Flavors of Haute Provence*, which won the James Beard Award in the International Category.
