A must for collectors worldwide By Casaza Pablo Ezequiell I have the Superfast Years book and found it excellent, and now I bought the Regular Wheels years, I think this book it a big help for collector that are starting their first moves about collecting Matchbox toys. The price guide is accurate and there are photos of models including King Size series, Grey wheels and Special sets. Of course, there are another books from this author that includes mores and better detailed photos, but this is perfect book for the first steps.

An informative book by one of America's foremost authorities. The toys pictured and listed in this volume represent the major variations of the most popular series made by Lesney Products from 1947 to mid-1969. Includes list of organized clubs.
