Frances Lincoln : London Underground Poster Diary 2015 before purchasing it in order to gauge whether or not it would be worth my time, and all praised London Underground Poster Diary 2015:

London Underground is renowned for its poster archive and the Tube has become London's longest art gallery.

Historically these eye-catching posters enticed prospective travellers indirectly by focusing on the destination rather than the mode of travel and as the Underground expanded so did its potential destinations - from the inner city, through suburbia and beyond to the rolling countryside. As well as a map of London's Underground, Tube facts and trivia, the London Underground Poster Diary 2015 features posters by famous artists and designers. It is a week to view and includes a ribbon marker and an internal storage pocket.

About the Author Frances Lincoln Publishers was founded by Frances Lincoln in 1977. The company published its first books two years later, and has been creating illustrated books of the highest quality ever since, offering style and expertise to readers worldwide.
