Book is okay, but craft materials are harder to come byBy Maria CaranoI was hoping to find some Bible based craft books, as we're doing Sunday school teaching to our kids at home. I was disappointed in the quality of the projects and also the materials listed are not exactly what I would call just readily available around the house. For example, oil based modeling clay, roll of cork, dried corn husks, golf tee and wood beads. I'm sure craft stores will have these, but I was hoping Crafts would be something my kindergartener and I can do. The instructions are mostly written and the end product is a black and white drawing. I would have preferred a step by step illustration for the steps, similar to a cookbook and maybe a picture of the finished product, instead of a drawing. What I did like about the book is the Bible lesson connection with the craft. It lists the Bible verses where the lesson can be found.2 of 2 people found the following review helpful. Five StarsBy RitaExcellent! Buy with

confidence.4 of 4 people found the following review helpful. WorksBy Ana031For crafts, this is amazing. So easy with affordable items for the craft and there is no much prep time you have to do

Look What I Made! overflows with original craft ideas from the creative mind of master teacher Anita Reith Stohs. Anita shows how to take everyday, recyclable items and turn them into objects of art that will make your children say, Look what I made! While leaving room for creativity, Anita provides many variations, as well as that all-important Lesson Connection, to tie the craft to a Bible story. Craft ideas are included for Old and New Testament Bible stories from creation to the kings and from Jesus life to Pauls journeys. A Bible story index makes it easy to find the right activity for your group. Some of the 88 projects are listed below: Puppet Stage Bible Apple Doll Wall Hanging Palm Tree Picture Plaque Boat Bowl Bead Necklace
