The images are beautiful but the authors did not share many tactics and their ways of designing. A bit disappointed.0 of 0 people found the following review helpful. Keeping it green and inventive.By roshamboGorgeous and inspiring book.0 of 0 people found the following review helpful. Beautiful; sparseBy CustomerBeautiful images inspiration. It's a sweet coffee table book, but I'd hoped for a bit more content.

Showstopping floristry and plant installations, with projects to recreate at homeExploding off the page with astonishing beauty and style, here are some of the world's best in contemporary floral sculpture and installation to inspire your own creations at home. Alongside the superb photography of Wona Bae's work, readers are offered 12

practical projects to try themselves. Beginning with basic information on the types of flowers, sticks, and foliage that work together in a design, the book then takes readers through a themed selection of contemporary flower and foliage schemes to inspire their creativity when it comes to tackling their own installations. The DIY projects range from seasonal wreaths and hanging plants, to terrariums and earth-inspired headpieces. Loose Leaf's philosophy is that plants and flowers are essential for our health and well-being, both mental and physical, and this book shows the many ways we can bring the beauty of nature into our homes in truly stylish and inventive ways.
