Erma Bomberger : Lotion Making from Scratch: Natural and Homemade Body Lotion Products Recipes before purchasing it in order to gage whether or not it would be worth my time, and all praised Lotion Making from Scratch: Natural and Homemade Body Lotion Products Recipes:

How many of the ingredients in your commercial lotion label can you pronounce and truly identify? The truth is, the ingredients get very complicated by the minute and they don't give you the assurance that your skin will be healthy as promised. Many of the commercial lotions even contain additives and chemicals that could be harmful to your skin. This book is about making the lotion that you want with ingredients that you love, and it's easy! If you've spent several dollars purchasing commercial lotions that just don't quite do the trick, you can consider putting them in your savings now because there's an easy and thrifty way to make a generous batch of nourishing body lotions that will last you for the next several months. You simply need to do-it-yourself with the help of *Lotion Making from Scratch: Natural and Homemade Body Lotion Products Recipes*. Choosing Your Ingredients is Fun Many DIY-enthusiasts revel at the fact that experimenting on ingredients is one of the best parts of making homemade body lotions. Do you prefer avocados over plum? Would you like to smell like a lavender garden or summery orange? Can you even combine them? When it comes to making your own lotions, you are hardly limited by your imagination. You can make use of the fruits in season and combine them with your favorite scents. You can even use herbs, oats and other ingredients to get the most benefits for your skin. The Process is Pretty Simple With the aid of your kitchen paraphernalia, you should be able to whip your own body lotion in minutes. The process of making lotion is pretty simple and straightforward, you'd be surprised at what you can do even if you have not tried it before. *Make Your Own Lotion to Suit Personal Needs* Whether your skin is dry and dull; needs protection from bugs and insects; require treatment against sunburn there's a homemade body lotion recipe for you in *Lotion Making from Scratch: Natural and Homemade Body Lotion Products Recipes*. Consider making a huge batch and giving away some jars of lotions to loved ones they make perfect gifts! Take control of your skin's health now by knowing exactly what goes into the ingredients of your lotion and making it from scratch!
