I have two of the babies and my two Granddaughters each have one as well. I had a source for clothes when we lived in TN but could not find any here. Great Pattern Book for Small Baby DollsBy AndreaTerrific patterns for those adorable, chubby little babies that arrive with only a diaper! These babies with their variety of skin tones, facial expressions and features, and hand shapes, are favorites with our child care kiddos. We have made do with doll clothes for bigger dolls, but these clothes fit just right. Lots of fun picking out fabric from the scrap box for me to make "more, please!"1 of 1 people found the following review helpful. Easy and fun.By NannaneenI have plenty of patterns for girl doll clothes. I bought a bag of dolls. Some of them are boy baby dolls.

There are quick and easy patterns for making clothes for them. I use my printer to make extra copies of the pattern pieces and then it doesn't matter if the pieces get torn.

A collection of clothing for the well-traveled baby doll, this book includes color photos, 12 full-sized patterns, and step-by-step instructions that guide both beginning and experienced sewers through crafting these fun and unique outfits. Using fat quarters or small pieces of fabric scraps, the projects provide 10" dolls with ensembles for holidays, playdates, family dinners, and bedtimes for both boy and girl dolls. Variations in sleeve and pant lengths allow for endless customization, and the book includes helpful instructions for sizing clothes to fit different dolls.
