Mike Senese : Make: Special Issue: Halloween before purchasing it in order to gauge whether or not it would be worth my time, and all praised Make: Special Issue: Halloween:

If there's a holiday made for makers, it's Halloween! In this special issue collecting Make: projects past and present you'll learn to control off-the-shelf electronic decorations using Arduino, use simple make-up effects to create classic monsters, replicate your favorite costume props, and more. More than 35 projects including: Construct realistic costume chainmail from steel wire 3D print Arduino-powered, light-up flexible costume spikes Pneumatic-powered creatures for quick haunted house scares And much more

About the Author Mike Senese is the Executive Editor of Make: magazine. He is also a TV host, starring in various

engineering and science shows for Discovery Channel, including Punkin Chunkin, How Stuff Works, and Catch It Keep It. An avid maker, Mike spends his spare time tinkering with remote-control aircraft, doing amateur woodworking, and attempting to cook the perfect pizza.
