Deborah Tukua : Making and Using a Flower Press: Storey's Country Wisdom Bulletin A-196 (Storey Country Wisdom Bulletin) before purchasing it in order to gage whether or not it would be worth my time, and all praised Making and Using a Flower Press: Storey's Country Wisdom Bulletin A-196 (Storey Country Wisdom Bulletin):

2 of 2 people found the following review helpful. Great little book, Just wish it had a little more content
By Grumpy Old Bear
I bought this book while doing some research on pressing flowers. The price was right and I it already had some good reviews. To be honest it was much thinner that I had expected. All that said, it did provide some valuable information and how-to. I would certainly recommend the pamphlet. I had just hoped that there would be even more theory and critical information on the proper techniques and what works and what not to do.

By Claudia Strasbaugh
This turned out to be a disappointment but it probably depends n what type of flowers one is trying to save. As a lover of flowers to me working with them in as many ways as possible is a happy hobby so if you feel similar I suggest you not hesitate to give this a try.

By L. Zhao
I just start to learn pressed floral art. This book does not offer enough information in this regard, as far as I am concerned. Probably it is just a bulletin, not a book on this subject. It would be more valuable if it can be updated from time to time.

Since 1973, Storey's Country Wisdom Bulletins have offered practical, hands-on instructions designed to help readers master dozens of country living skills quickly and easily. There are now more than 170 titles in this series, and their remarkable popularity reflects the common desire of country and city dwellers alike to cultivate personal independence in everyday life.
