**Furniture Cabinetmaking : Making Chairs and Tables: v. 2** before purchasing it in order to gage whether or not it would be worth my time, and all praised Making Chairs and Tables: v. 2:

This new collection of projects from Furniture Cabinetmaking magazine promises to be as successful as the first. Featured here is the work of skilled makers, both professional and amateur. Their designs feature the elegant and the substantial, the curvaceous and the straight-backed, with meticulous attention to the construction details and choice of materials and finishes: \* Coffee tables \* Dressing tables \* Side tables \* Nested tables \* \* Dining room suites \* Extending tables \* Kitchen tables \* Kitchen chairs \* \* Rocking chair \* Satellite desk and chair \* Duet table for musicians Each project has been devised by an expert maker, who takes you through the process step-by-step with the

aid of explanatory photographs and diagrams.
