Jim Maxwell, Margie Maxwell : Making Collectible Santas Christmas Ornaments in Wood before purchasing it in order to gauge whether or not it would be worth my time, and all praised Making Collectible Santas Christmas Ornaments in Wood:

0 of 0 people found the following review helpful. Perfect fun
By fanfic nutcase I really like this book. I'm a beginner to wood carving so this book fit me pretty well. If you can get it used, it's still worth it as most of the used books I've purchased have been very, very well taken care of. No need to buy new unless buying it for a gift.
0 of 0 people found the following review helpful. I like the book
By Neutron Boy I like the book. You will not find any instructions for carving, just patterns. That works for me though, I have enough how to books already. This was a tough book to find as it is out of print. Thanks
0 of 0 people found the following review helpful. Older book
By Sharon It was not what I expected. It is an older book and the ornaments will have an antique look to them which is ok if that is what you like.

Get ready for the holidays with the 42 classic Christmas patterns in this book. Covers everything from tools and materials to finishing and painting.

From the Back Cover Look inside to learn how to make your own unique Christmas creations! Now you can make your very own Christmas ornaments and Santa Collectibles for your friends and family! From tools and materials, finishing and painting to actual patterns and procedures, this excellent instructional book by Jim and Margie Maxwell will teach you everything you need to know. Patterns for 42 classic Christmas collectibles are included inside, many patterned after toys from Jim's personal collection or are favorite toys from Margie's past. Antique Santas Miniature Houses Toys from the 30's Antique Style Ornaments Beginners and veteran woodcrafters alike will want to get started with this pattern manual and start their own collection of hand-crafted Christmas items. About the Author Born and raised in the Missouri foothills, near the lake of the Ozarks and Truman Dam area, he developed a natural love for wood and woodcarving while working at his father's sawmill.
