Lots of good information for new dollmakers...many things I have not seen in other books including some puppets too. Styles seems a bit dated not quite vintage but easy to update.3 of 3 people found the following review helpful. A REAL TREASURE FOR BEAUTIFUL DOLL MAKINGBy L. MaupinThis book has it all. It includes soft dolls, modelled dolls, wax dolls, doll clothes, ragdolls, felt children, felt character dolls, costume dolls, simple and fully modelled dolls, and clay and wax babies plus an elegant wax doll.The directions are straightforward and easy to follow with illustrations, I especially appreciated the modelled dolls, as I have always wanted to sculpt my own doll heads and this makes it so simple.It even includes hands and feet to model, and includes the drying and sanding process. clothing pattern are included and also, how to make shoes and hats, bonnets and caps i wish I could post some pictures of the finished dolls, not home made looking at all.This is a treasure that you will want to keep and pass down over the years!.

Slight shelf wear. Pages are clean and binding is tight.
