This one lacks the charm of those. However, this book has inspired my children to create little fairy tale scenes and tell each other fairy tales so I'm glad we have this in our library.

Children will thoroughly enjoy making and playing with the range of well-known fairy tale scenes and characters provided in this colorful book, including Cinderella, Hansel and Gretel, Sleeping Beauty, Rumpelstiltskin, Tom Thumb, Rapunzel, and Snow White and the Seven Dwarves. Scenes are made from a range of easy-to-find natural materials, including wool, felt, and cotton, and are great fun to make. This book contains all the necessary patterns and instructions and is clearly illustrated with diagrams and photographs. The scenes are organized according to season, so the story can be matched to the appropriate time of year.
