**Catherine Failor : Making Natural Liquid Soaps: Herbal Shower Gels, Conditioning Shampoos, Moisturizing Hand Soaps, Luxurious Bubble Baths, and more** before purchasing it in order to gage whether or not it would be worth my time, and all praised Making Natural Liquid Soaps: Herbal Shower Gels, Conditioning Shampoos, Moisturizing Hand Soaps, Luxurious Bubble Baths, and more:

0 of 0 people found the following review helpful. SoaperBy TravisThis is one of two books I found for liquid soam making. I had to study this book quite often before I fully comprehend certain concepts of liquid soap making. The recipes are easy to follow. I had to use this book in conjunction with the other liquid soap making book by Thompson.1 of 1 people found the following review helpful. The Book was very helpful/By S. GonzalezI thought the book was very informative and easy to understand. I gave two methods of making liquid so as well as explaining when problems occur. The pictures were great. I was able to make a great batch of soap that was crystal clear. However one negative comment, I felt the the information was a little bit scattered. I had to constantly look through the book to find information that I felt should have been in the actual section (or repeated) where certain procedures where listed. I feel that all the information should be in under the category. For example "neutralization" process caused me to looked through the book to explain percentages. The Book Must be completely read to know that not everything is going to be listed under neutralization. I was a mild inconvenience, however the book was very helpful.0 of 0 people found the following review helpful. RecommendedBy ToddVery easy to understand and I would recommend getting it because there are very few liquid soap books.

Make our own liquid soaps and body products right in your kitchen. Catherine Failor shows you how to use her simple double-boiler technique to create luxurious shower gels, revitalizing shampoos, energizing body scrubs, and much more. Step-by-step instructions teach you how to turn basic ingredients like cocoa butter, lanolin, and jojoba into sweet-smelling liquid soaps. You'll soon be experimenting with your favorite oils and additives as you craft custom-made products that are kind to your nose and gentle on your skin.

From the Back Cover Creating Liquid Soaps That Soothe! Finally, a book on making liquid soaps at home! Let expert soapmaker Catherine Failor introduce you to the luxurious world of all-natural liquid soaps -- the easy way. Using a simple double-boiler technique, you can create inexpensive moisturizing hand soaps, revitalizing shampoos, invigorating shower gels, soothing bubble baths, and much more. And all tailored to your skin type, to your hair's needs, or even to your mood! Discover how easy it is to master this special hot-process soapmaking technique and explore the art of this rewarding craft. Using simple, pure ingredients, such as cocoa butter, lanolin, and jojoba, you can create liquid soaps that are better for your skin, better for the environment, and just plain better than any you'll find in a store. Learn to blend oils and additives, add color and scent to your creations, and develop one-of-a-kind personal soaps -- all in your own kitchen! Let the soap and your creativity flow!
