Buy it....you will not be sorry especially if you enjoyed her first book! The projects are delightful....actually all of it! Just love it and am enjoying it!0 of 0 people found the following review helpful. It does have some new peg doll ideas just not what I had in mind for the " more."1 of 1 people found the following review helpful. These peg dolls are so much fun to makeBy LillianFinally got the second book. These peg dolls are so much fun to make. I can't wait to get started with this book. The only thing I didn't like was that some of the projects were repeats from the first. I would've liked different projects added.

Keep the magic of childhood alive with this enchanting collection of toys and crafts.This inspiring new collection by Margaret Bloom builds on the success of her first book Making Peg Dolls. With peg dolls at the heart of each design,

you'll discover how easy it is to create toys which fly and spin, pin cushions, herbal pocket friends, wall-hangings, and much more. All projects are richly illustrated throughout with hand-drawn diagrams and full color photos. The easy-to-follow instructions will guide you through a selection of simple and more advanced designs. Many of the projects are suitable for young children and will only take only an hour or two to complete. Interwoven with poems, songs and stories, the projects can engage the whole family in the art of crafting, and playing with these magical toys! The book also includes a beautiful foreword by Sharifa Oppenheimer, author of *Heaven on Earth*, plus an inspiring preface by Steffi Stern, author of an upcoming book titled *Making Needle Felted Animals*. *Making Peg Dolls More* is a feast for the eyes, spirit, heart and mind. The delightful, inspiring, supremely gentle dolls which Margaret Bloom introduced in *Making Peg Dolls* take off on new creative journeys in this sequel. Her directions are accessible and easy, the projects themselves irresistible, and Paul Bloom's photos are splendid. I would have loved a beautiful book like this as a child, and will cherish it as an adult. --Elisa Kleven, award winning children's book author and illustrator

Margaret Bloom's new book promises to be just as delightful and inspiring as her original volume, *Making Peg Dolls*. The projects in this collection demonstrate even more ways to make and engage with these charming toys. Children as well as adults will enjoy making the characters, which can be played with or set up in imaginative displays. The book's simple yet sophisticated designs hold a universal appeal that will last for many years to come. -- Salley Mavor, creator of Felt Wee Folk

Margaret Bloom's whimsical toy designs lead to rich, imaginative play for children... This kind of beautiful, creative work is nourishing for minds of all ages. -- Emily Neuburger, author of *Show me a Story*

"This is an attractive hardback book full of beautiful designs for peg dolls." -- Safia Farr, *Juno Magazine*

"Exactly the sort of toys that are perfect for parents to be willing to try their hand at... Toys with true gestures. Perfect to enhance creative imagination and play." -- Sharifa Oppenheimer, author of *Heaven on Earth: A handbook for parents of young children*

"This book needs to go on the wish list of all Waldorf-inspired parents and early childhood educators..."

Amber Greene, *Parenting Fun Every Day* blog

"The octopus peg doll is worth the price of the book alone. Genius!" -- Nora Hale, Children's Librarian, Berkeley, CA

About the Author

Margaret Bloom lives with her family in a little cottage beneath the great oak trees of Northern California. She has a master's degree in counseling psychology, has worked as a professional puppeteer, and loves making peg dolls with her children. It gives her the greatest joy to inspire children and families everywhere to create, play, and dream.
