The selection is grand and the Halloween trick-or-treaters and the Christmas projects (angels, nativity, and Father Winter) are worth the price of the book. I wish there was a look inside feature because it would be of great value, I'm sure. The book is well made, too. Lovely, just lovely. I do agree with the person who noted that in the nativity set there are wool felt animals shown but no patterns for them. I wish those would've been included instead of a couple really simple dolls, but there must've been reasons. Another really good thing is that all different sizes of pegs are used. I think that's great because they are very inexpensive and just plain fun! Brings me back to a simple time and simple joy! I am really glad I bought this book! Very happy with it!!! 7 of 7 people found the following review helpful. Beautiful Book! By Evanston Teacher What a charming book! It is a beautiful book full of wonderful ideas and the illustrations are lovely with clear easy directions. It also leaves room for you to use your imagination and the possibilities are endless. So far I have made the peg people but am planning on having the children in my classroom make them too! What a fun book! 0 of 0 people found the following review helpful. This book has given us HOURS of pleasure. We ... By Customer This book has given us HOURS of pleasure. We even made a homeschool art camp around them and the kids asked for more! You can go as simple as you want or go ornate with beading and trim.

"This is a great book to enjoy with the kids, as a parent or teacher, but even if you don't have children, let yourself reconnect with your inner child and fall in love with this magical world of tiny wooden characters. I don't have any children, but I confess, I'm completely enchanted by these sweet little dolls, and at some point I'm going to cave in to the need to create my own little Gnome, or Bear, or Bunny, or Dragon, or Owl, or maybe even a Cat!"
