Rosevita Warda : Making Scented Candles before purchasing it in order to gauge whether or not it would be worth my time, and all praised Making Scented Candles:

3 of 4 people found the following review helpful. Don't buy this book if you want to learn how to make the best scented candles around. By ~Antonio Dominion I purchased this book thinking that, with its help, I would be able to make my own awesome scented candles - the ones like the new scented oil candles from Glade. Given the right amount of information about making scented candles, I would be able to deduce how to make something at least similar to these. Unfortunately, this book was more of a primer to candle making than an encyclopedia, as I expected from its title. This book provides little more information than you could get with a beginning candle making kit. Don't buy this book if you want to make highly scented ("triple scented") candles. Instead, check out [...] for information on buying these types of candles from other manufacturers.

Bring healing power and mood-enhancing perfume into any room, with oil-scented homemade candles. The value of this book is in the detailed information on scents and essential oils. Library Journal. You'll find many tempting
