MAKE BEAUTIFUL, EXQUISITELY DECADENT SOAPS RIGHT IN YOUR OWN HOME! OVER 30 RECIPES INCLUDED! Hi. Ive been a soap maker for over a decade. I make soap for family and friends, and I ran my own soap

shop on Etsy for many years. In this book, I share with you secrets, tips and tricks that I've accumulated over the past 10+ years. I will show you step-by-step how to make simple cold processed soaps, and then how to tailor them to your own style and needs by using different oils and butters, adding things like essential oils, oatmeal, honey, herbs, etc., and using beautiful decorative techniques. Perhaps you want to begin a new hobby, or start a side business to make some extra money. Maybe you just want to use top of the line soaps without paying exorbitant prices. Believe me, nothing compares to using high quality luxury soaps. I don't mean those with a high price tag, I mean high quality; there's a difference. In this book, I show you how to make them right at home. Many of these can be made with oils found on your grocery store shelves! Don't worry if you're a total beginner. I will guide you through the process of creating amazing handmade soap that you are proud to show off. Here Is A Preview Of What You'll Learn... Supplies Needed List Soaping Oils Butters Fragrances Colorants Additives Step-By-Step Follow-Along Guide Some Decorative Techniques (In the Pot Swirl, Faux Funnel Pour, Hanger Swirl, etc.) Over 30 Recipes Including those on my YouTube channel Check Out What Others Are Saying... This book is very obviously written by a soap maker. I have purchased other books that seem to have been written by someone who had never made a bar of soap. This book gives real life tips based on experience. I found it so helpful, and it guides you every step. (Kallie M Howell, MI) Love the step by step guide. I used that faithfully for my first few batches of soap. The recipes are awesome. I was able to go on the author's youtube page and watch her make some of the recipes. This book was worth every penny! (Alison D. Tampa, FL)
