Seems like every book I have purchased on this subject so ...By bonnieSeems like every book I have purchased on this subject so far - and there have been a few - are covering some things, but not all. The "Failor" process of making transparent soap as described in this book seems unnecessarily

complicated. There are easier ways that work just as well. Overall, it's a decent guide book.0 of 0 people found the following review helpful. Great Book for Transparent Soap MakerBy GreyIt is a full color book with attractive picture in every page. It contains not too detail information but quite educative. The book well written and easy to understand. Inside you will find out how certain ingredients affect the result of the soap, the tools you need, the ingredients, the every step of making the soap also there is troubleshooting and raw ingredients resources. It is a must read books before someone try to make their first transparent soap.0 of 0 people found the following review helpful. Wonderful Details and InstructionsBy UncommonSenseSCThis is a very good, instructive book with lots of good details. We haven't made the transparent soap yet (wondering if the work is worth the product) but if/when we do, this will be the book we use!

With basic ingredients and standard kitchen tools you can craft your own transparent soaps that are milder, richer, and creamier than any commercial product. Eschewing complex methods and expensive equipment, Catherine Failor uses a simple, dependable process that makes beautiful transparent soaps every time. Failors easy-to-follow photographic instructions are accompanied by proven recipes and plenty of suggestions for colorful and sweet-smelling variations. Youll soon be creating your own signature soap blends that deliver refreshing scents and are gentle enough for even the most sensitive skin.

a beautiful full color book with easy to follow step by step instructions. American Small Farm
