Abby Ruoff : Making Twig Furniture and Household Things before purchasing it in order to gauge whether or not it would be worth my time, and all praised Making Twig Furniture and Household Things:

0 of 0 people found the following review helpful. Great bookBy ChristineBought it for a friend, and he loves it. It has given him many great ideas. And he wants to make everything shown in the book, starting with the lamp real soon. As he just received the book Today.0 of 0 people found the following review helpful. Not enough timeBy Michael H. HowellI finally have time to gather the alder branches I wanted so I can start making lawn furniture for the kids and us. With 5 children, 21 grand Children and 6 great grand children, this new hobby I am taking up is going to take almost all of my time. Every time I pick this book up to read more in it I come up with more ideas. Our daughter and my wife just build them a fire pit just like ours so they can entertain while the Bar B Que is in use. They were going to go to Wally World and get a picnic set and we got a couple of settees made in a weekend so they do have some place to sit. They already have their order in for at least 10 more chairs and Settees.0 of 0 people found the following review helpful. Five StarsBy Elizabeth WestHe is making furniture

A revised and expanded edition shows how to construct forty-five original designs for furniture, picture frames, screens, and tables using branches, twigs, and bark, with the help of clear, step-by-step directions for cutting and assembly. Original. IP.
