Patricia King : Making Victorian Dolls' House Furniture before purchasing it in order to gage whether or not it would be worth my time, and all praised Making Victorian Dolls' House Furniture:

0 of 0 people found the following review helpful. Has great ideas and easy to follow instructionsBy Maryann MonroeItem arrived as described. Has great ideas and easy to follow instructions.2 of 2 people found the following review helpful. MAKING DOLL FURNITUREBy Celia B. MayoI got a few ideas, but overall, not the quality I want in my doll house. I would like a book with instructions on how to make more refined items.2 of 2 people found the following review helpful. Very niceBy BayouArtistProjects in this book are really cute. Book is great quality with good information and great photos. A pleasure to read.

Odds and ends that may look like trash in our giant world suddenly become home furnishings, wardrobe pieces,

miniature playthings, and much, much more. Minimal tools, including a ruler, scissors, files, leather punch, pliers, modeler's scalpel, wire cutters, modeler's saw, glass cutter, and glue gun -- and an eye for bric-a-brac -- will have you on your way to a beautifully furnished Victorian home. For your dolls, that is! Projects for each room include a billiard table, Art Nouveau fireplace, coffee table, grandfather clock, Queen Anne table, towel stand, toaster, four-poster bed, vacuum cleaner, rolltop desk, and a whole host of eye-catching objects.
