The instructions are clear to the point where a real bear could sew a Teddie bear. It also makes you confident to try other stuffed toys but to be honest, you'll just sew another bear. not just any bear-q BIALOSKY bear.I remember stuffing a bear head that was to be a mommy bear and it looked at me and said "Hi, I'm Charlie the accountant."I got a pair of doll glasses made a bow tie for his neck and quickly sewed a vest. He knew better than i who he was.if you get a chance to buy this book even to just look at it, you can sew a bear. My compliments and thanks to Peggy Bialosky she changes hearts and let's you do things you never thought you could never do.

Covers pages are clean. Some shelf wear. Back inside cover small scratch. Owners name blacked out.
