These pages are reproduced just fine. They're vibrant in color, one-sided and semi-glossy. I left off a star because there are no perforations to easily remove the pages. Although it's in book form, there's no writing or instructions in it. I don't know if the individual pages will tear out without damage or if I have to deconstruct the whole book by removing its covers first. Still, I'm glad the book exists and I like a lot of the designs.1 of 2 people found the following review helpful. One StarBy LucyA terrible reproduction - a waste of money!

Fifty sheets of digitally reproduced marbled paper, 8.5" x 11", for scrapbooking, crafts, or wrapping small gifts. Each

sheet is different, representing a stunning array of paper marbling colors and styles. Prints are one-sided to allow for use with a wide variety of adhesives and other media.
