Carolyn Relei : Marine Animals Stained Glass Pattern Book (Dover Stained Glass Instruction) before purchasing it in order to gage whether or not it would be worth my time, and all praised Marine Animals Stained Glass Pattern Book (Dover Stained Glass Instruction):

1 of 1 people found the following review helpful. good bookBy SusanThis book contained pictures that were helpful and informative. I enjoyed the ideas, but some of the patterns contained too many pieces for me, as I am just starting out with stained glass. It was delivered right on time and the price was great. Thank you.1 of 1 people found the following review helpful. BEAUTIFULBy sandytoesI BOUGHT THIS BOOK FOR THE DESIGNS. I was in the process of making some underwater paintings and used this book for inspiration. It did not disappoint.1 of 1 people found the following review helpful. Five StarsBy BBrooksEverything was just as advertised and fast delivery!

In this splendid source book of versatile royalty-free designs, stained glass enthusiasts will find a host of usable patterns for a wide variety of projects: windows, panels, mobiles, lampshades, mirrors, lightcatchers, and more. Choose from 82 different designs depicting a multitude of animals found in or near the water: octopus, eel, tropical fish, crab, sea gull, butterfly fish, humpback whale, dolphin, sea anemone, snail, sea horse, jellyfish, penguin, osprey, sea turtle, trigger fish, walrus, and many others. Clearly outlined and identified, the patterns come in a variety of shapes and sizes. They can be easily adapted to a broad range of stained glass work and lend themselves to numerous other artistic and craft uses as well.
