**Judy Mathieson : Mariner's Compass Quilts** before purchasing it in order to gage whether or not it would be worth my time, and all praised Mariner's Compass Quilts:

Judy Mathieson has always been acknowledged as the expert in this type of quilt. I especially appreciate the fact that the book shows how to draft compasses instead of just providing patterns. It's wonderful to be able to purchase such a book which is generally unavailable.2 of 2 people found the following review helpful. talented ladyBy Lavonne N. HansenI have two other books of hers. She is so creative. Not simple quilts but the results are worth the effort. Do not recommend for beginners. Assumes skills not taught. Can use internet for tutorials for the missing info if needed0 of 0 people found the following review helpful. Five StarsBy diannajust what I wanted

Important Note about PRINT ON DEMAND Editions: You are purchasing a print on demand edition of this book. This book is printed individually on uncoated (non-glossy) paper with the best quality printers available. The printing quality of this copy will vary from the original offset printing edition and may look more saturated. The information presented in this version is the same as the latest edition. Any pattern pullouts have been separated and presented as single pages. If the pullout patterns are missing, please contact CT publishing.
