**Martha Stewart : Martha Stewart's Christmas** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Martha Stewart's Christmas:

1 of 1 people found the following review helpful. The original Martha for Christmas by Pamela Reeves. A must for diehard Martha fans, shows her beginnings and how far she has come. Lost my original copy, this is the replacement copy for me. Try the gingerbread! 8 of 9 people found the following review helpful. Lovely book by A Customer. I loved the 'feel' of this book, very festive. The presentation is beautiful. What disappointed me a little was that there was no pattern for the gingerbread mansion that was featured in the book, which was the main reason I bought it. It's a little too easy for me to just be told to 'use your imagination' and 'the possibilities are endless'. I expected more! Other than that, it is a very nice addition to my book collection with timeless ideas and inspirations, or just to browse through when Christmas season comes around. 0 of 0 people found the following review helpful. Terrific book! By Mary Mary. This book has wonderful recipes and crafts that celebrate Christmas! It came carefully packaged and great shape. I recommend this for anyone who loves to entertain at Christmas. 5 star book!

Here Martha Stewart shows how she decorates her house, creates and wraps a variety of gifts, and entertains her family and friends throughout the holidays. 250 full-color photographs.

.com Martha Stewart's Christmas remains a classic cooking and decorating guide for the Christmas season. The book can be viewed as an elaborate timeline for preparing for December 25--indeed, Martha claims the book was written and photographed in "real time" from the day after Thanksgiving through Christmas Day. Along the way, Martha teaches you how to make plum pudding, 24 different types of cookies, and a holiday party menu featuring cassoulet for 100. For Christmas Day dinner, a towering croquembouche is perhaps the finest culinary feature of the menu, which features roast ducklings with wild rice, chestnut, and cranberry dressing. Martha also provides tips on decorating trees, making ornaments, gift-wrapping papers, and making beautiful wreaths and topiaries. There's even advice on making up gift baskets of the cookies, preserves, and puddings that you've created yourself. Martha herself admits that "it's true, we did get carried away"--she creates an elaborate gingerbread mansion--but most of the recipes and crafts are easy to follow and produce great results. Martha Stewart's Christmas is a real gift. C.B. Delaney

From the Inside Flap Here Martha Stewart shows how she decorates her house, creates and wraps a variety of gifts, and entertains her family and friends throughout the holidays. 250 full-color photographs.
