This video is 1:44 seconds long.~Martha Stewart's Encyclopedia of Crafts This book contains the best of the craft projects from Martha Stewart Living Magazine. All crafts are organized by topic from A to Z. There are over 400 pages of crafting ideas information. Each craft is laid out with (i) Supplies Needed (ii) Step-by-Step Instructions (iii) Product Ideas. At first glance, the book seemed overwhelming. Most of these crafts will take practice and success will not be achieved on the first try. Most of these crafts I would rate as difficult and not suitable for children. This is a great resource crafting book but due to the difficulty of the crafts, this is not a book I will use often. 3.5 out of 5 stars. I rounded up to 4 stars for 's rating scale.

Featuring over 200 craft projects, Martha Stewart provides a contemporary and practical guide for 32 must-know crafts.
