**Marguerita McManus : T-Shirt Quilts: Quilt As You Go** before purchasing it in order to gage whether or not it would be worth my time, and all praised T-Shirt Quilts: Quilt As You Go:

4 of 4 people found the following review helpful. Good reference book. By Luvy Bear Great Book to have around to make these. Most of the hints were already in use by me but there were some others in there I can now put in practice. Everybody thinks you can just cut out the shirts and sew them together. Not sew t-shirt quilts are harder to work with than some of the more intricate pattern quilts! 5 of 5 people found the following review helpful. Great book for t-shirt quilting. By nrIt has great information on every step needed to make a t-shirt quilt! Great pics to help you understand the correct way to organize and prepare your quilt. 2 of 2 people found the following review helpful. Great help for making quilt. By K. Moore Great help for making quilt

Turn your precious T-shirts into quilts with these amazingly simple techniques. This book teaches how to stabilize, cut

and quilt T-shirt blocks using a very popular method of quilting that has you making your quilt in small blocks and then joining the quilted blocks. Perfect for beginners and non-quilters as well as for experienced quilters who want to do it all themselves.
