When I bough the book, I didn't realize it was probably intended to be a gift from a child. I'm 25 and I gave this to my grandma for Mother's Day. Even though I wasn't thrilled with the writing prompts, she loved it. She said it was the best gift I ever gave her. She clutched it to her chest and instructed my dad to make sure that it gets buried with her (she's a funny lady). So even though I was expecting something deep and thought-provoking, I can say with confidence that grandmas will love to receive this from any grandchild of any age.3 of 3 people found the following review helpful. Doesn't your Grandma deserve to be cherished? Show her just how much she means to you with this delightful journal. This beautiful journal enables you to show your Grandma how special she is to you and how much you care. With interesting and entertaining charts and graphs you can rate your Grandma's capabilities and perhaps, in some cases, incapability. You can write her a letter, stick in your favorite--or most incriminating--photos, create a pie chart of her personality, and much more! Featuring gorgeous bespoke illustrations throughout, more than 30 Grandma-themed stickers, and a pocket inside the front cover for mementos that can't be stuck in, this is your chance to create a unique keepsake for you both to treasure. You can record your feelings and favorite memories and adventures with Grandma, just fill it out and give it to her as a gift--what better way to show her how much she means to you!
