Paul San Casciani : The Technique of Decorative Stained Glass before purchasing it in order to gage whether or not it would be worth my time, and all praised The Technique of Decorative Stained Glass:

Fully illustrated, easy-to-follow introduction with over 100 diagrams and photographs shows beginning and advanced workers how to create 36 different, attractive projects (decorative panels, mirrors, vases, lamps, terrarium), all in graded order of difficulty. Practical, informative, inexpensive.
