Annie Smith : The Ultimate Applique Guidebook: 150 Patterns, Hand Machine Techniques, History, Step-by-Step Instructions, Keys to Design Inspiration before purchasing it in order to gage whether or not it would be worth my time, and all praised The Ultimate Applique Guidebook: 150 Patterns, Hand Machine Techniques, History, Step-by-Step Instructions, Keys to Design Inspiration:

3 of 3 people found the following review helpful. The Ultimate Applique GuidebookBy Iona ManionI loved this book it was very helpful and can be used for both machine and needle turn applique. I am rather new to applique and the instructions were easy to understand and read. Plus beautiful patterns and will be easy to transfer to your fabric it is a

must for new new quilters wanting to learn applique0 of 0 people found the following review helpful. the ultimate Applique GuidebookBy salnanThis a terrific book for anyone wishing to learn Patchwork Applique.It has greatly improved my applique work and you can always be learning.0 of 0 people found the following review helpful. love itBy Quilter Gaili love the book. it arrived very quickly and was exactly as described. i will do business with them again.

This complete source book guides you every step of the way in how to design your own applique patterns. Learn where to find new inspiration, read more about the history of applique, and build your skills in both hand and machine techniques. You'll revel in your new-found freedom to make your applique projects uniquely your own!

I have to give a shout out to my buddy Annie Smith (Quilting Stash podcaster) for her book, the Ultimate Applique Guidebook. This book is sensational! Everything you need to succeed with applique is within its pages. There are over 150 applique design elements-flowers, leaves, stems, vases, birds etc-and you can mix and match all of the elements to design your own applique treasures! There are reviews for both hand and machine techniques for applique, as well as step-by-step instructions with very detailed pictures to help you through the applique process. Every tool you need is reviewed, and full-size patterns and beautiful examples of applique quilts are also included. Annie really did a bang-up job with this book and I couldn't be more pleased for her, as there is hardly a more generous and humble person in the industry.About the AuthorTeaching about new techniques, fabric selection, and machine applique are Annie's expertise. Her pattern company, SimpleArts, has evolved from a small family business to a successful online venture with a global audience of 1 million households. Annie teaches at national and international quilt guilds and lives in California.
